Collabion Charts for SharePoint powers data visualization and analytics for the world's largest commercial real estate services firm

CBRE

CBRE Group, Inc. (NYSE:CBG), a Fortune 500 and S&P 500 company headquartered in Los Angeles, is the world's largest commercial real estate services firm (in terms of 2011 revenue). CBRE offers strategic advice and execution for property sales and leasing; corporate services; property, facilities and project management; mortgage banking; appraisal and valuation; development services; investment management; and research and consulting.

"All the other products that were considered had long implementation cycles and dictated development expertise bringing-in bottlenecks and backlogs.

Rajiv Samtani
Global Program Manager
CBRE Inc.

Why Collabion Charts for SharePoint?

Ease of use in terms of

1. **Implementation**
2. **Configuration**
3. **End-usage/User adoption**

The Collabion Charts for SharePoint experience

The CBRE Global Research and Consulting group (GRC) harnesses best practices, market and industry trends to provide clients a unique, competitive edge. With core focus on the development of strategic platforms and processes through the use of preeminent, in-depth market research, strategic analysis and leading-edge implementation programs - enabling clients to make highly informed real estate decisions, reduce costs, create value and improve performance.
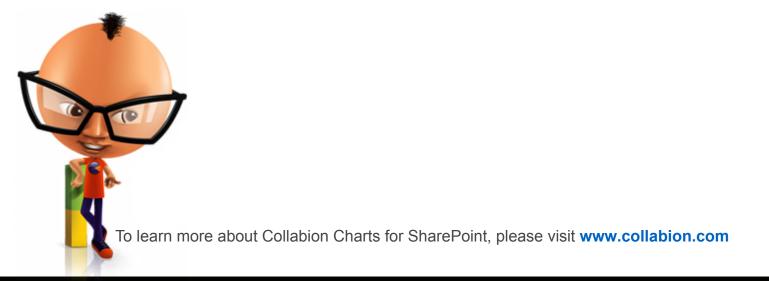

This meant that their real-estate analytics and financial performance visualizations had to be best-in-class and Collabion Charts for SharePoint was a perfect fit. Overall ease of use, quick onboarding and positive response from 5000 associates across 50 departments made the organization replace Excel web access and default chart web parts in SharePoint and embrace Collabion Charts for SharePoint as their default dashboarding platform.

About Collabion Charts for SharePoint

Collabion Charts for SharePoint provides a quick and easy way to create insightful dashboards in SharePoint®, without the need for MOSS or Excel Services. It works with WSS 3.0, MOSS 2007 and all editions of SharePoint Server 2010, including Foundation server.

Collabion Charts for SharePoint can be installed and used to create your first dashboard in less than 15 minutes. It has a wizard-based installation and chart creation process, which means you never need to write a single line of code. The charts are animated, interactive and are sure to "wow" your users.

Collabion Charts for SharePoint is powered by **FusionCharts**, the industry's leading enterprise-grade charting solutions organization with 21,000 customers and 450,000 users in 118 countries, including over 80% of Fortune 500 companies.
