

How Collabion Charts for SharePoint powers production management for a worldwide leader in specialty thermoplastics

KYDEX[®]

I love Collabion Charts for SharePoint. It does exactly what I expected and needed

Len Basara
Database Administrator
KYDEX, LLC

KYDEX, LLC is a worldwide leader in specialty thermoplastic sheet manufacturing. Committed to being the world's best supplier of thermoplastic sheets and armed with the unique ability to produce high performance, durable and regulatory compliant thermoplastic sheets, in an extensive array of colors and textures.

KYDEX caters to aviation interiors, medical device components, mass transit interiors, industrial & equipment housings, building interiors, furniture & fixtures and recreation & hobby.

Why Collabion Charts for SharePoint?

The need to expand SharePoint usage across the organization resulted in identifying tools that could help. Collabion Charts for SharePoint was evaluated and purchased due to

1. **Very little knowledge transfer to get started**
2. **Ease of use**
3. **Visual display of data was liked by all the people who used it**

The Collabion Charts for SharePoint experience

A quantum leap from visualizations performed using Excel. KYDEX, LLC uses Collabion Charts for SharePoint to visualize data and report production insights (pounds produced and scrap), all the way to managing on-time shipping.

Numerous dashboards for production/manufacturing, monitoring KPIs and reporting of historical inputs, changes over time and trending, are all powered by Collabion Charts for SharePoint. Drill-downs and expansions mean endless possibilities. No surprises that it is loved across the board for doing exactly what is expected and needed.

About Collabion Charts for SharePoint

Collabion Charts for SharePoint provides a quick and easy way to create insightful dashboards in SharePoint®, without the need for MOSS or Excel Services. It works with WSS 3.0, MOSS 2007 and all editions of SharePoint Server 2010, including Foundation server.

Collabion Charts for SharePoint can be installed and used to create your first dashboard in less than 15 minutes. It has a wizard-based installation and chart creation process, which means you never need to write a single line of code. The charts are animated, interactive and are sure to “wow” your users.

Collabion Charts for SharePoint is powered by **FusionCharts**, the industry’s leading enterprise-grade charting solutions organization with 21,000 customers and 450,000 users in 118 countries, including over 80% of Fortune 500 companies.
